

# **A Prayer for Supporting Young People Worldwide Standing Up for Justice**

**Praying for Peace and Justice on June 30, 2024**

Holy One,

We pray today for young people throughout the world who are rising up against corruption as those in Kenya and for positive action on climate change as well as our New Story friends who are working to bring peace to their troubled homelands. Help us to know how to be supportive. In the name of Jesus who brought your message of peace.

Amen
