

A Sermon by Steven Miller

A Sermon by Bishop Steven Miller of Seed Faith

July 12, 2009

The Word was brought this morning by Bishop Steven Miller of Seed Faith International, one of the congregations that worships regularly in our building. Bishop Miller said that in order to get the blessings of God, one must walk in the way of God. Reading from 2 Peter 1, Bishop Miller reminded us that the Word of God tells us what to do. Until we do what God has already told us to do, God will not tell us what to do next. Like children, who take much repetition to do what we ask, we need repetition to be obedient to God.
