

# **A Service in the Style of Taizé in Jubilee 2013**

**November 10, 2013**

## **The 25th Sunday after Pentecost**

Several times each year, Seekers Church takes time out from its regular preaching schedule for a service of chant, prayer and reflection modeled on the worship of the Taizé Community in France.

This Sunday was one such time. Repeating the chants together until they die away into the silence provides rest for our world-weary spirits as well as an opportunity for individual reflection on our faith journeys. As we joined in spirit with the monks at Taizé, we were nourished by their faithfulness as well as by their music.
