

Art Gallery

Our gallery reflects ideals we hold dear as a faith community, which at its heart is an invitation to all to explore Creation. Art making is one of the most precious of human expressions as a gift from the Creator. Art has the power to open hearts to a vision larger than ourselves, break down barriers between people, beautify our environment, and challenge us to think in new ways.

The art we show comes from a variety of individuals from within our faith community and the wider community, as well as group shows that represent underserved and underexposed people in the wider world.

To join our mailing list email sandra@seekerschurch.org with a request to be notified of coming shows.
