#### **MSG: The Acoustic Blues Trio**

M.S.G. – The Acoustic Blues Trio performs traditional Piedmont blues. Their style of music has been influenced by the likes of Archie Edwards, Etta Baker, and Cephas & Wiggins. This band can raise the roof with some old-fashioned house party tunes, make you laugh with their witty originals and then make you weep with blues ballads!

They all perform with the Archie Edwards Blues Heritage Foundation Band. They have performed at numerous regional festivals including: Blues in the 'Burg, Smithsonian Folklife Festival, Artscape, and Bayou Boogaloo. They have also had the honor of performing on the Kennedy Center's Millennium Stage.

Join us for an evening to remember. To make reservations, visit the new Carroll Cafe website at: [www.carrollcafe.org](http://www.carrollcafe.org),
