

Domestic Giving 2012

Seekers Church supports many missions and ministries in the United States and other countries. The amount budgeted for domestic giving, is usually about 20% of what we expect to receive in offerings over the course of the year. Once our budget is approved each year and the overall amount available for domestic giving has been determined by the Stewards of Seekers Church, all members of the faith community are invited to request support for missions or ministries where they are personally involved.

For 2012 the community has affirmed support for 32 domestic missions and ministries:
