

Domestic Giving

The recipient organizations of our domestic giving vary somewhat from year to year. The general rule is that one or more Seekers are personally involved in these organizations in some way. Recipients are chosen by consensus among the congregation at the start of every year.

DOMESTIC GIVING

2015

Seekers Church continues to support many missions and ministries in the United States and other countries. The amount budgeted for domestic giving is usually about 20% of what we expect to receive in offerings over the course of the year. Once our budget is approved each year and the overall amount available for domestic giving has been determined by the Stewards of Seekers Church, all members of the faith community are invited to request support for missions or ministries where they are personally involved.

For 2015 the community has affirmed support for 30 domestic missions and ministries. For easy access to more information, the name of each organization is linked to its web site.
