

"Love and Forgiveness" by Brother Francis Delveaux

April 6, 2008

Brother Francis lives to love and has an infinite capacity for forgiveness. With those qualities comes freedom from judgmentalism and the ability to meet everyone he meets where they are. In his work at Jubilee Jobs he augments the work of finding people jobs with the ability to buoy spirits and instill in others an "I can do this" attitude. His understanding of the concept of ego is "edging God out" and he recognizes when his asserts itself and brings himself back to God. Everywhere he goes Brother Francis preaches the Gospel of Love right off the cuff.
